The historic beach resort, located on the shore of the fantastic Ionian Sea of Badolato, is ready to offer an intensive and exciting summer.

Lido Solesì gets back on track with its dynamic and versatile facility, thanks to its young staff and a general modernization project, recently completed in all its spaces.

A full-service tourist facility, with a beach equipped and modern, with: two bars, baby park and animation, beach sports, free WC service, free cold showers service, hot shower service, Wi-Fi zone, etc.. The ideal location for a fun and relaxing vacation.

ASSOCIATED WITH

Built and opened in the early 80s, it is now a structure offering a tasty restaurant service, with a simple and classic menu (with fish and meat based specialties) and with original dishes of the day, the result of a genuine and natural culinary tradition.

The "Angolo Verde" (the green corner), a cool place to enjoy a pizza cooked in wood-fired oven, or a sandwich, accompanied by a cold beer or a good glass of wine, offers the customer the right location to spend an alternative and relaxing evening, cheered by the piano bar or live music.

Lido Solesì, with its renewed indoor dining room, is the ideal location for your banquets, ceremonies, and parties (even in winter and autumn).
